Dostoyevsky:  
Reimagined

## Project Benefits

*Imagine a society without art, literature, statues, paintings, no great works of any kind. Imagine the impact on the quality of life for the rest of us. Although such a society sounds far-fetched, it is only through the work of dedicated individuals and the contributions of people like you that artistic achievement is nurtured and developed.*

**Your tax-deductible donations will help us to continue to make our very special movies.**

In transporting the essential elements of Dostoyevsky's works from 19th century Russia to modern day LA, we aim to underscore the universality of his stories and tales as well as commonalities of the universal human experience.

VM Productions is dedicated to the art of independent filmmaking. Our projects educate our viewers, as well as provide insight into literature and the humanities.
